### Summary

PeachCare for Kids® will resume collecting copayments on October 1, 2024.

### Impact & Importance

A copayment is a small fee the member will have to pay at the time of their visit to a medical provider. The amount of the copayment will be different depending on the medical services they receive. While these copayments can range from \$0.50 to \$12.50, most will be \$2.00 or \$3.00.

However, there are no copayments for these services:

- x Emergency services
- x Preventive care services (routine check-ups for your child)
- x Immunizations
- x Routine preventive and diagnostic dental services (such as oral examinations, prophylaxis and topical fluoride applications, sealants, and x-rays).

Exception: There are no premiums or copayments charged for children that are under six years old, in foster care, or American Indians and Alaskan Natives (AI/AN).
