

Notice Date: April 24, 2024
To: Indiana Providers
From: CareSource
Subject: Removing Barriers: CareSource Life Services

Summary

Did you know CareSource offers a Life Services program that helps remove everyday barriers our CareSource members face such as transportation, access to food, housing, and more – also known as the social determinants of health (SDoH)? Good health requires more than just health care, and that is why this program is important.

Impact

Through the CareSource Life Services program, members receive one-on-one coaching for up to 24 months at no cost. If you have a CareSource patient you think would benefit from this program, you can refer a patient by completing the [Life Services Referral Form](#). Patients can request information about CareSource Life Services by filling out the [Life Services Interest Form](#).

Criteria for referring a patient to CareSource Life Services:

- CareSource Indiana Medicaid member
- CareSource member or parent/legal guardian of a minor child who is a CareSource Indiana Medicaid member
- 14 years or older
- Member has interest in opting in to the CareSource Life Services program
