

- a. Member age < 32
- b. Member is a CD patient
- c. Member is a high-risk patient
- d. Member is a high-risk patient
- e. Member is a high-risk patient
- f. Member is a high-risk patient
- g. Member is a high-risk patient
- h. Member is a high-risk patient
- i. Member is a high-risk patient
- j. Member is a high-risk patient

4. Member is a high-risk patient

5. Member is a high-risk patient

- a. Member is a high-risk patient
- b. Member is a high-risk patient
- c. Member is a high-risk patient
- d. Member is a high-risk patient
- e. Member is a high-risk patient
- f. Member is a high-risk patient
- g. Member is a high-risk patient
- h. Member is a high-risk patient
- i. Member is a high-risk patient
- j. Member is a high-risk patient

6. Member is a high-risk patient

Member is a high-risk patient  
 Member is a high-risk patient  
 Member is a high-risk patient

**If member meets all the requirements listed above, the medication will be approved for 5 months or until the end of the RSV season (March 3), whichever comes first.**

For information:

1. Member is a high-risk patient
