

Notice Date: September 18, 2024
To: Michigan Medicaid Providers
From: HAP CareSource™
Subject: Vaccines for Children Program

Summary

The Vaccines for Children (VFC) program is a federally funded program that provides vaccines at no cost to children who might not otherwise be vaccinated because of a family's inability to pay.

Impact

Benefits of the VFC Program:

- Vaccines for VFC-eligible children will be provided to you at no cost.
- You may charge an administrative fee to offset your cost of doing business.
- Your patients benefit because they can get their vaccines from you!

Importance

Health care providers must register as a VFC provider to receive and administer VFC vaccines. To complete registration, please do the following:

- Contact your local health department to request enrollment.
- Complete the Michigan Provider Enrollment forms and return them as soon as possible.
- Once you have completed and returned the enrollment forms, prepare for a site visit to review the program's administrative requirements and proper handling and storage of vaccines.

Questions?
