

Notice Date: March 30, 2022
To: CareSource Marketplace Providers
From: CareSource
Subject: Introducing Teladoc, CareSource's New Telehealth Partner
Effective Date: May 2, 2022

Summary

Effective May 2, 2022, CareSource will partner with Teladoc® to offer the convenience of telemedicine to our Marketplace members. Teladoc replaces RelyMD® (formerly known as MYidealDOCTOR®) as CareSource's telemedicine partner.

Effective May 2, 2022:

General medical services for all Marketplace members
Behavioral health services for members 18 years and older

Note: Behavioral health services for members ages 13-17 will become available at a later date.

Impact

CareSource will continue to encourage our members to engage with their primary care provider (PCP) or behavioral health provider first, but much like using retail clinics or urgent care as a way to meet medical needs, we are providing another access point through Teladoc.

How Members Access Services

1. Members will need to create an account and complete their medical history.
 - Download the Teladoc app to their smart phone
 - Visit Tela

Teladoc Services

General Medical Services

Offered 24/7 for non-emergency health care needs such as:

- Bronchitis
- Sinus infections
- Flu
- Sore throats
- Rashes
- And more

Behavioral Health Services
