

**Notice Date:** August 17, 2022  
**To:** All Marketplace and Medicare Advantage Providers  
**From:** CareSource  
**Subject:** Billing Update Re: Multiple Outpatient Claims  
**Effective Date:** October 16, 2022

---

### Summary

Starting on October 16, per the CareSource Provider Manual and the CMS Claims Processing Manual, Bill Type 0131 should represent all services rendered during the outpatient stay for a given patient.

### Impact

CareSource will deny outpatient claims with Bill Type 0131 that occur after another outpatient claim with 0131 has already been billed for the same patient, by the same facility, and for the same dates of service. Outpatient corrected claims should be billed with Bill Type 0137 or Bill Type 0138.

### Questions?

Please contact Provider Services at the appropriate number listed below with any questions.
